Meta Title: About Mulberry Hills | Location, Approvals & Developer, Vijayapura

Meta Description: Mulberry Hills is a 5.5 acre DTCP approved, RERA registered plotted development near Vijayapura Town, North Bangalore, developed by Landmark Nest.

URL Slug: /about-us

About Mulberry Hills

Mulberry Hills is a premium gated community plotted development by Landmark Nest, located on an elevated plateau surrounded by mulberry plantation near Vijayapura Town, North Bangalore. Phase 1 of the project is spread across 5.5 acres and comprises 83 DTCP approved plots.

Smoothness & Strength

The location advantage of Mulberry Hills is built on two ideas: smoothness and strength. Smoothness comes from easy connectivity to the airport, railway and metro stations, bus depots, shopping and commercial districts, and education and healthcare centres nearby. Strength comes from a protected environment for every plot owner, backed by clear marketable title, DTCP approval with E-Khata, and RERA registration.

Meta Title: Amenities & Layout Plan | Mulberry Hills, Vijayapura, North Bangalore

Meta Description: Explore the master layout plan and amenities at Mulberry Hills: a gated entrance, underground utilities, drainage, a butterfly theme park and a children's play area.

URL Slug: /amenities-layout

All About Good Living

Every plot at Mulberry Hills is supported by planned infrastructure and shared amenities designed for a secure, comfortable gated community lifestyle.

Amenities & Facilities

Gated Community & Grand Entrance

Mulberry Hills is a fully gated community with a single controlled entry point and an entrance arch of distinctive architectural design. The entrance features a tall signage tower in wood toned cladding, framed by tiered planters, feature walls and mature trees along the approach road.

Underground Utility Connections

Every plot at Mulberry Hills is planned with underground electrical connection, water connection and sanitary connection, keeping overhead lines and clutter away from the streetscape and giving every plot owner a ready connection point to build against.

Drainage & Rainwater Harvesting

The layout is engineered with dedicated drainage lines and storm water drainage, along with rainwater harvesting, supporting responsible water management across the community.

Well Tarred Roads & Street Lighting

Internal movement within Mulberry Hills is supported by well tarred 30 ft roads and street lights, keeping access to every plot safe and well lit at all hours.

Landscaped Gardens, Walkways & Play Areas

Plots at Mulberry Hills are set amid landscaped gardens and manicured lawns, with a tree lined walkway offering residents a green setting for a daily walk. A well developed butterfly theme park, with a wooden pergola and bench seating, sits alongside a dedicated children's play area.

Master Layout Plan

The Mulberry Hills master layout is designed around a network of well tarred 30 ft roads, with plots arranged along tree lined streets and dedicated park spaces woven through the community.

The approved layout sets out 83 numbered plots along a branching internal road network, oriented off a central entrance road. Multiple park zones are distributed through the layout rather than placed at a single edge, so that green space stays within easy reach of most plots. A compass marker on the plan orients the layout, and the entrance road connects directly out to the approach road and grand entrance arch.

Gallery

Grand Entrance

The entrance to Mulberry Hills features a tall signage tower in wood toned cladding, framed by tiered planters, feature walls and mature trees along the approach road.

Tree Lined Avenue

A tarred internal avenue lined with trees, shrubs and planters connects the community, with dedicated street lighting running along its length.

Landscaped Gardens & Park

Paved walking paths, patterned stone flooring and manicured lawns run alongside the internal roads, creating green pockets across the layout.

Butterfly Theme Park & Play Area

A themed garden with a wooden pergola, bench seating and play equipment forms the dedicated children's play area at Mulberry Hills.

Note: All visuals referenced are artistic impressions of the proposed development and are subject to change.
